The Critical was an artist of the record of Judge Spe . He remarked, "WI : Fa that the lamb and the Dames a 'I ket, at all." "Faith an it residence and the Lecompton task if the Lecompton task if the Lecompton task is the Lecompton task if the Lecompton task is the Lecompton task in the Lecompton task is the Lecompton task in the Lecompton task in the Lecompton task is the Lecompton task in with the C n endownt" Put was right, of pept r sove It was the Le prior t ket with the Crittenden right of the pe amendament. It was anti-"D name ratic," to be State constitute

Senator Pugh of Obio said, that, "if the people of Obio wait until he sake the President to raw member of the Calianet to get any of them appointed on either the civil or sailtary service, they will have to wait until doom/day." We wonder what or earth that means. Is it that Mr. Pughe commander that the President and Cabiret too natch to ak any favor of them, or that he despises the people of Obio too profoundly to ask anything from anybody in behalf of any of them. Will he stand and explain?

This is alike true and graphic. We cannot help in

Existing the structure of the second of istration's chief Lecompton organ, the New York Herald, which has been fiercer and more vitingerative in defence of Lecompton's mind a sint the Crittenden amendment than any other paper in the Crittenden amendment than any other paper in the there, and drawing upon materials gathered maintwing the critical structure of the critical structur North, is new actually invoking the personal observation on the spot, even a test immediately the Critten on annead.

Is skilled to produce a very fascinating work. Mr. the President's feelings. It is very possible that the President's feelings. It is very possible that the President's freelings. It is very possible that the produce a very fascinating work. Mr. Maitland, however, so far as we can perceive, has not presumed either on the novelty of his field or the

imeritable consequences of persistence in his alrowealth of his recollections, but has lavished upon both the most laborious care, informed by his highest of his New Y rk me dal to prepare the way for him art. "Satlare," rotwithstanding the stupid forgeto back down from his perions p sith a with as latties perions to quicken and extend its circulaties perions quicken and extend its circulation and extend ers as the editor of the Herald come forth and take, he 'did write,' "with interest and satisfaction. It nent, alleging that it involves to sacrifice of prin- and gives animated and interesting pictures of Il create those Jerritl convulions in the South attention we have been able to give to the work, we doesn't "draw" by its own merits, the "Sartaroe

first annulted by the utterly unprovised application to be a true it morat, a genuine ch improved popular of the collective of the collective of the collective of the country. Its must be a final smell to the noise of the true lieutocracy of the country. At we days after our election, c mes out in some edi-orial comments upon the violent character of the comer elections here, and then, in a tone of affected

ers nay think it imposs to that the tanguage in the properties of r ads it with the least confidence in its source and Lecompton man, the editor of that paper has stopped limits spent seven years in explorations in Siberia by 5 no forms it to the contrary, must and will his exchange with us. We didn't think Bennett Mongoliu, the Kirghia Steppes, Chinese Tartany elieve that helf a dozen frieigners were killed and would do such a thing asjil at. We supposed be and Central Asia. He has given a faithful narra had been so often bicked and cuffed and spit upon live of his adventures and observations, and acteaten for pastime by the Krow-Nothings of Louis villetus art's yler'. And the miserable calamany calculate a fellow's spirit with perfect exaline is.

Thursday's Proceedings—Concluded.

Senate—The discussion relative to the public printing was terminated by Johnson (of Aik.) moving to anund the bill approved in August, 1852, and setting apart Thursday next for its discussion, saying that, if the amended hill is passed, it would take the other than the control of the setting that the total that the third process of the setting that the setting the setting that the setting the setting that the setting the se saying that, if the amended hill is passed, it would put a stop to the abuses so justly complained of.

Mr. Gwin (of Cal) reported a bill for the conveyance of the mail, troops, and stores from the Missouri river to California by a railroad, and recajitulated the provisions of each section, and arguing anmediate action. He quoted the statistics of the various routes, adding that the contractors would locate the route between the termini.

Mr. Broderick agreed with his colleague, arging immediate action upon the bill.

The subject was postponed until to-morrow.

The diplomatic and consular appropriation hill was passed with verbal amendments.

The naval restoration bill was also passed.

Mr. Douglar reported from the committee on Territories the Arizona admission bill with an amendment.

ment.
Mr. Slidell, on tee Senate taking up, by consent,
he resolution proposing to bestow a medal ou Cour-

mane, is written.

Passone to very Definition of the state of the state of relations, the passes of the life of the present of the life of the passes of the life of the passes of the life of the lif

the responsibility.

Several Democrats explained why they voted against the bill, on account of the subject introduced unt coming under the head of deliciencies.

Pending a motion to reconsider the vote rejecting the bill, the House adjourned.

Treuding a motion to reconsider the vote rejecting the bill, the Honse adjourned.

Washington, April 8.

Senator Wilson's bill for the construction of a telegraph line to the army in Utah comes up for consideration in the Senator on Monday, of Ohio, was a prominent agent in the bringing together and camerating the elements of opposition to the Kansas bill.

Washington, April 8.

New Orleans, April 9.

Heavy rise in the Mississippi—one places the highest ever known. The towns of Napoleon and Prentiss are injundated. The whole contriven host edges of the river from Napoleon to Lake Providence is submerged. Immuse damage done, feats are entertained here of a creviasse, but precautions have been taken to prevent it. So far the vicer is rising.

Cincinnati, April 9.

A telegraphic despatch received from Malilland t the government has introduced a project of

dian lear. It was supposed that the great the lean will be taken by joint stock link sarance companies, so that it will be not ever the learning of the learning will range from 28 to 100. The supply of money in the market is very abundant. There was no increase in the applications to the Bank on Friday, but a better demand prevailed in open market and bills were freely discounted out of doors at 2%@25/per cent. The terms for long dated paper had bowever advanced to 4 and even in some cases to 6 per cent.
